...ORTH TEXAS CONFERENCE

...ession at Bonham 17, 18 and 19 Adjourns—J. A. McDurmitt Elected 1st Vice-Pres.

At its session at Bonham June 17, 18 and 19, McKinney was elected, by a big majority over Greenville, as the next meeting place of the North Texas Epworth League conference. The conference embraces a large extent of territory, containing over 200 leagues with a membership of over 8000 young people.

The delegates—J. A. McDurmitt, Ernest Massie and Misses Roncie Rogers and Byrd Rosser, arrived home last evening from Bonham where a very interesting and profitable session was held.

Officers were chosen for the ensuing year as follows:

George B. Oliver, Dallas, president; J. A. McDurmitt, McKinney, first vice president; Miss Maud King, Honey Grove, second vice president; Miss Beulah Marshall, Whitesboro, third vice president; Miss Maud White, Lancaster, secretary-treasurer; Miss Clara Wood, Van Alstyne, superintendent of Juniors.

The coming of the conference to McKinney next June is quite an honor to the two local Epworth League Chapters whose membership, as well as all other local christian young people's societies, will be greatly benefitted and inspired by the enthusiastic, consecrated delegates that will be here from every North Texas town and hamlet.

The conference will be held in the Methodist church and from 400 to 500 delegates will attend. All McKinney will join in extending the conference a hospitable welcome, thereby helping to further spread the fame and good name of our generous people more completely over every quarter of town and country throughout North Texas.

MARSHAL WALLACE STIFF

Chosen to Fill Vacancy Caused by Death of Sam Burks.

JOE BULLOCK NIGHT OFFICER

Appointments Made at Special Session of City Council Thursday Night.

Wallace Stiff is city marshal.

At a special session of the city council last week for the purpose of choosing a successor to Sam Burks, deceased, Mr. Stiff had a clear field for the appointment, no other appointment being before the body.

Joe Bullock was elected night policeman to supply the vacancy caused by the promotion of Mr. Stiff, who had held the position for over a year.

The new marshal is a son of the late Harrison Stiff and was reared in or near McKinney. He is a brother of manager J. D. Stiff of the J. D. Stiff Dry Goods Co., also of G. A. (Roddy) and Sterling Stiff. As night policeman he made a very creditable record and his many friends predict a similar record for him in the city marshal's office.

Further time was granted the committee appointed to investigate the matter of purchasing a new hose wagon for Hose Company No. 2.

ARMY LIFE AGREEABLE.

Collin Boy Finds it So After Four Years Service.

JOHN DUNCAN AT HOME.

Served Fourteen Months in the Philippines—Has Re-enlisted For Three More Years.

John Duncan, corporal Co. M, 23rd Infantry, is at home on a three months' furlough visiting his father, Wm. Duncan, and family. John is very much in love with Uncle Sam's army life. He first enlisted in the Collin County Guards which later became Company C in the Fourth Texas Volunteer Infantry in the Spanish-American war of 1898. After mustering out of that service in March 1899 he enlisted for three years in the 23rd Infantry, regular army, serving fourteen months of the time in the Philippines. After returning to the States he was stationed at various points in the west and finally at Fort McPherson, Ga., where he was honorably discharged last April.

He immediately re-enlisted. At the expiration of his furlough he will rejoin his company in New York. John's experience has been a great advantage to him in a physical way, besides affording opportunity of seeing much of the world. He expects and hopes to be returned to the Orient with his command.

Frank Carson, of Altoga, this county, is a fellow comrade of Corporal Duncan in the same company.

A Real Friend.

I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. City Drug Store.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Moundsville, W. Va. "They do me more good than anything I have ever tried." Miss Alice Kirkpatrick, who went to Austin to attend the commencement exercises of the State University and to visit friends, returned home Saturday night.

REV. WEAVERS SERMON.

One of the Strongest and Most Convincing, Delivered.

A SPIRITUAL TRANSACTION

The Meaning of "Buried With Christ by Baptism Into Death." Many Proof Texts.

Rev. J. C. Weaver closed his series of sermons on vital doctrines of salvation Friday, in an elaborate discourse on the mooted text, "Buried with Christ by baptism into death." Mr. Weaver contended that water baptism was not referred to in this text by the sacred writer, and with many proof texts and collateral scriptures strongly sustained his position. A death to sin and resurrection to newness of spiritual life—a spiritual transaction altogether—seemed to have been the view of the speaker.

The discourse, although lengthy, was listened to with rapt attention and highly appreciated. He left on the morning train for his pastoral charge at Ladonia, carrying with him many warm expressions of kindly appreciation of his able and efficient services. Dr. McLean will occupy the pulpit on Sunday and deliver the sermon which he intended to have delivered last Sunday and which will involve some mooted points of doctrine.

IS BACK FROM THE NORTH

Visited St. Louis, Chicago and Milwaukee.

PROSPERITY IN THE LAND

Work on the World's Fair Grounds Trip Home Amid Dust, Smoke and Heat.

Mr. E. W. Kirkpatrick has just returned from a trip to St. Louis, Chicago and Milwaukee. He attended the National Horticultural meeting at Milwaukee. It was one of the best meetings within the history of the organization. Each member reported the best sales on record during the last season and the best results regarding the growth of stock and prices commanded. All were very hopeful and happy over future prospects of the business. People everywhere are rapidly becoming interested in the orchard and vineyard, flower and vegetable garden.

Mr. Kirkpatrick, as before stated, visited the Rock Island officials in Chicago and learned that the roadway will be governed by the grade which will be determined by expert surveyors already in the field. He also visited the World's Fair site at Forest Park, St. Louis. He reports that much work is being done by the latest improved machinery. Hills are being leveled down, canals cut and macadamized roads built. Large trees are being uplifted and reset in rows to beautify and make shade. Huge buildings are rapidly in course of construction.

Mr. Kirkpatrick says that prices in the North are high for everything and that prosperity abounds. His return trip was accompanied with much heat, dust and smoke that made it somewhat disagreeable.

MUCH READ PLACARD.

For Special Benefit of His Millions of Questioning Friends.

A. L. ANDERSON'S DILEMMA.

Usually Affable, But This Time Driven to Extremity of Absolute Ignorance.

Arthur Anderson, the affable and ever accommodating salesman at J. E. Wiley's grocery store, has been driven to the extremity of absolute "ignorance" by a continual flood of questions plied him since work commenced on the new Doc Turner brick adjoining Mr. Wiley's store on the east.

His only hope for "a rest" is in a placard written and posted by him for the benefit of his millions of curious, questioning friends. The placard is large, prominent and inscribed as follows:

"Doc Turner has bought the lot immediately adjoining the store now occupied by J. E. Wiley. I don't know what he paid for it. Don't know who the contractor is. Don't know the contract price. Don't know how many stories high it is to be. Don't know how broad it is. Don't know how long it will take to complete it. Don't know how many men are working on it. Don't know how much they are paid. Don't know whether they are paid by the day, week, month or hour. Furthermore don't know what sort of business is going to be carried on in the aforesaid house. Don't know whether it is to remain empty or not. In fact don't know anything at all about it and don't give a continental. Don't know where brick are from, nor what they cost. Work was commenced on the house this morning and can't tell where Doc Turner is at this time. Don't know whether or not the front will be plate glass. Don't know why they wet the brick and don't know who hauled them. Don't know whether or not Mr. Terner has insured the house. Don't know what sort of roof is to be put on the house. Come again all of you.

A. L. ANDERSON."

His Last Hope Realized.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by City Drug Store.

A REMARKABLE PROVISION

In the Will of the Late Frederick D. Tappen, President of the Gallatin National Bank of New York.

He Instructs His Executors to Invest the Trust Funds of His Estate Only in Securities Included in the List of Investments of the Mutual Life Insurance Company of New York, Although He Had no Connection With the Company, Except as a Policy Holder.

(New York Press, April 6, 1902.

A unique tribute to the fidelity, ability and conservatism with which the immense trust funds of The Mutual Life Insurance Company of New York have been invested and administered during the fifty-nine years of its existence is contained in the last clause of the will recently filed of the late Frederick D. Tappen, President of the Gallatin National Bank of New York from 1868 to the time of his death, February 28, 1902. Mr. Tappen had been a leading figure in the banking world for half a century, and had an international reputation for his knowledge of the values of securities and for his conservatism in investing the many hundreds of millions of dollars that came under his direction. He was twice president of the New York Clearing House Association, and many times chairman of its Clearing House Committee. In every panic that has occurred since the memorable Black Friday of 1869 he had been conspicuous in all the trying times that have shaken the financial community. At a meeting of the New York Clearing House Association held in memory of Mr. Tappen, March 10, the Hon. J. Edward Simmons, president of the Fourth National Bank, said: "In times of financial peril he was always regarded as a wise and conservative counselor, and on each occasion when loan certificates were issued—1873, 1884, 1890 and 1893—he, as chairman of the Loan Committee, piloted many a tottering institution through troubled waters. Who of us can ever forget the great financial battle of 1893 and the glorious victory achieved by the associated banks of New York under the brilliant generalship of Mr. Tappen?"

He was chairman of the Clearing house Loan Committee in 1873 when $26,585,000 of certificates were issued, in 1884 when $24,915,000 were issued and in 1893 when $41,490,000 were issued.

In the last clause of his will, after making bequests to his family, he provides for certain trusts, and instructs his executors and trustees to invest his estate only in such securities as are "included in the list of investments made by the Mutual Life Insurance Company of New York, not limiting my said executors and trustees or their successors or successor to such investments only as trustees are by law authorized to make."

Among the losers in the big Dallas fire yesterday were Mr. and Mrs. C. I. Evans, Jr., whose residence burned. Loss $4000. Insurance only $1000. Mrs. Evans is a daughter of Mr. and Mrs. H. R. Hammond of this city.

Mrs. W. T. Beverly went to Whitewright this morning for a visit to friends.

Beginning July 1st, there'll be two of 'em each day. Isn't that nice?

My sister residing in Ohio wrote me that she had been cured of womb trouble by using **Lydia E. Pinkham's Vegetable Compound**, and advised me to try it. I then discontinued all other medicines and gave your Vegetable Compound a thorough trial. Within four weeks nearly all pain had left me; I rarely had headaches, and my nerves were in a much better condition, and I was cured in three months, and this avoided a terrible surgical operation."—MRS. DEATH'S DOINGS.

REED—Died, Mrs. Eunity L. Reed, aged 77 years and 11 days. Funeral from her daughter's residence, Mrs. J. C. Harris, 249 Illinois St., at 1 o'clock to Forest Home cemetery. McKinney, Tex., papers please copy.

Mrs. Reed is well known in McKinney having lived here several years with her daughter, Mrs. J. F. Hollander. She passed from earth to Heaven, June 10th, in Chicago. She was a devout member of the Methodist church. The congregation here remembers her bright, earnest face, and with the many other friends, regret to hear of her death.

W. M. Carr who was reported quite sick last week from an attack of blood poisoning, died Tuesday morning at 4 o'clock, suffering a great deal at the last. He was buried in the Odd Fellows cemetery Tuesday evening at 6 o'clock.

He was a young man, 27 years old, and lived on the W. R. Bickley farm east of town. He was sick eight days, the trouble beginning from chigger bites, and blood poisoning setting up later.

Mr. Car came here in December from Eglantine, Ark., to which place Mrs. Carr will return as soon as she can get ready. He left a wife and two small children to mourn his death. There are many here who sympathize with them.--Farmersville Times.

WEDDING BELLS.

J. P. Mason and Miss Florence Faulkner were married Wednesday at the home of the bride's father, Eld. J. B. Faulkner, in Wylie, Elder Eugene Holmes officiating. Perkins, of this city often, and has a large circle of friends here. The Courier wishes for the happy young couple a long life of happiness and usefulness.

John L. Jones and Miss Beulah Hefner were maried Sunday at Clear Lake school house, Rev. Conwell, pastor Baptist church, officiating. The couple drove up to the school house in a buggy just before preaching began and called the minister out who in a few words made them man and wife, and they returned to the home of the bride's mother where a number of their friends had been invited to partake of a splendid wedding dinner. Mr. and Mrs. Jones will reside a few miles southeast of Princeton. The Democrat wishes for them a long life and much happiness.

THE SUMMER NORMAL.

Began Six Weeks' Term Last Monday Morning.

HAS PROPITIOUS OPENING.

Welcomed to McKinney By Mayor Pearson—Speeches by W. T. Beverly and Others.

The Summer Normal for Collin county had an auspicious opening last Monday at the opera house. Many teachers from every section of the county are here to attend the term. A good sized and very representative audience greeted them when Conductor F. G. Jones called the body to order at 9:30 a. m. Prof. Jones' opening remarks were characteristic of the man and practical educator, he is, who, without solicitation on his part, was unanimously chosen by the teachers as their conductor.

At the conclusion of his remarks he invited the speakers, all school trustees and ministers present to the stage.

Mayor Pearson welcomed the Normal to McKinney in his usual felicitous style. He warmly endorsed some of the old methods of instruction and teaching including corporal punishment. W. T. Beverly saw, in the large attendance of lady teachers over the men, a good omen for the more refined and moral side of education. Mayor Pearson and Mr. Beverly's speeches both abounded in practical points of interest and encouragement for the teacher. Representative J. N. Grisham spoke on the relation of school teaching to government. He deplored the lethargy of Collin county in matters educational. Schools are equal to any and superior to many other counties in the state, but this county cannot point to a single college ranking as a preparatory institution between the public school and University. He declared that with the co-operation of the people, teachers and representatives Collin county can obtain a higher school of letters which in his opinion the state legislature will establish in the near future. He made an eloquent appeal for an awakening in the interest of higher education. Dr. E. E. King followed, emphasizing the same thoughts elaborated by Mr. Grisham. The interesting exercises were concluded with benediction by Dr. Jno. H. McLean.

The normal is being held in the public school building.

Profs. J. H. Bright and C. T. Cobb are assistant conductors.

Congressman Wooten and wife will visit Alaska this summer.

Grain is immense in old Collin—only little short in acreage.

A convenient public park would be a great attraction for McKinney.

Dallas has over $100,000 of the required $125,000 necessary to get the Rock Island, subscribed.

The American people want an isthmian canal—Nicaraugua prefered, but Panama is more desirable than no canal at all.

The dispatches claim that the President's Cuban reciprocity plan has been thwarted by the republican senatorial caucus.

Texas is composed of a chivalrous citizenship which will give the President of the United States a hearty welcome if he enters her borders.

It is thought that Raines county slept on its rights when it overlooked the matter of substituting the Ocala demands for the platform adopted.

Byrd had the instruction of the 16 votes of Hunt county and the instructions for second choice of the 17 votes of Collin county, yet the two votes of Raines dictated the nomination. Just where the will of the people was obeyed is hard to find.

Down in Collin county they are bombarding the skies with dynamite and prayers for rain.—Denison Sun.

This is news to the people here. The combination suggested is a strange one.

Sections of Ellis county is suffering from scarcity of water and drouth. Public wells are thronged day and night. But little corn will be made, much of the crop being already cut and put up for fodder.

C. W. Ridout, late of the Plano Star and formerly of the Wylie Rustler, is now associated with Tom W. Perkins in the editorial and business department of the Daily and Weekly Gazette. Mr. Ridout is an experienced journalist.

The Nebraska republican convention indorsed President Roosevelt in his Cuban reciprocity policy which the two Nebraska senators opposed. There is a good chance for a row in republican ranks if the president forces the fight.

The senate voted for the Panama route. The House having favored the Nicarauga route it is thought an adjourment will be had before a joint bill can be passed. If so the great trunk line railway system have won another victory over the people's interest.

Congressmen are demanding an increase of salary, but we don't think there is any danger of a strike. They claim that they cant't live respectably on the pittance of $5,000 a year. Some of them could not live respectably on any amount, great or small.—Farm and Ranch.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

T. M. CAIN NOMINATED

The Senatorial Convention Held at Farmersville.

BYRD WITHDREW FROM RACE

Rains County Gets in Its Work On the Convention Friday. Collin for Harris.

The senatorial convention at Farmersville was rather exciting Friday resulting in the nomination of a dark horse—T. M. Cain of Rains county. The vote stood: Hunt county 16 votes for Cain Rains county 2 votes for Cain. Collin county 17 votes for Harris.

The nomination was made on the first ballot, Byrd having withdrawn from the race in favor of Cain.

Monday afternoon a large dog belonging to Jim Chapman went mad at his home in the Spring Creek community. He had two dogs. The large one killed the smaller dog and tore him to pieces. He also attacked one of the children and tore its clothing from it but otherwise not damaging it. The family protected themselves by getting into a room and fastening the door. One of the children was slipped out and went to Bob Kinzey's a half mile away where parties were threshing and got help. The dog was killed without any trouble. After the little dog was killed it is stated that he was dragged into the house and under the bed where he was finished.—Farmersville Times.

Tutt's Pills

FOR TORPID LIVER.

A torpid liver deranges the whole system, and produces

Keep Well

Blood and iron have really been inseparable since the Creation, and when in perfect harmony mean perfect health and strength. Dr. Harter's Iron Tonic is calculated to preserve this harmony, supplying the blood with iron in proper form and proportion. Iron has always been used as a blood tonic, but it remained for Dr. Harter to discover and perfect a combination of iron and other tonic ingredients. A trial of half a century has proven that Dr. Harter's Iron Tonic is a perfect blood purifier. Most of the ills we are heir to come from impure or impoverished blood. The blood carries necessary supplies to every part of the body. If it fails to do so, some part of the bodily machine will lag. Lagging means sickness. Don't permit lagging. Don't wait until you are down sick. Use

Dr. Harter's Iron Tonic

and keep well. It is a scientific compound (not a crude, "shake-well-before-using" mixture) of iron with other tonic ingredients—a perfect blood purifier and health builder.

The following is one of thousands of similar endorsements of Dr. Harter's Iron Tonic that we have received, proof positive that this old reliable remedy does all that is claimed for it:

Augusta, Ark., May 10, 1901.

"After having sold Dr. Harter's remedies for thirty years, I can cheerfully recommend them. I might add that I hold in especial favor Dr. Harter's Iron Tonic, and would recommend it as the very best preparation of iron I am acquainted with. To weak, worn out women, and those troubled with nervousness, poor digestion and pale, thin blood, I believe it to be a panacea." J. B. Wilkerson, Druggist.

"WHEELER CLING" PEACH

Possesses Superior Qualities in Several Respects.

NOTABLE COLLIN CO. FRUIT

Introduced by E. W. Kirkpatrick at National Nurserymen's Convention at Milwaukee.

E. W. Kirkpatrick, since returning from the recent National Nurserymen's Association at Milwaukee, Minn., has received several inquiries about specimen of Texas fruits he exhibited on that occasion. Among them was the "Wheeler Cling" peach which seems to have attracted most interest. Several orders for buds have been sent him from Maryland and other distant points. The "Wheeler Cling" is a new peach propagated by Mr. Kirkpatrick. Its superior points are early maturity and good shipping qualities, both tested by Mr. Kirkpatrick, who is engaged in experimenting with hundreds of varieties of fruit. Mr. Kirkpatrick is not thus engaged for commercial profit. He does not sell the products of his patient discovery, but after he has developed and proved them they are given to others to grow more extensively and place on the market.

McLean, of our city, upon her recent return from San Louis Potosi, Mexico, where she has been teaching in a Mission school for two years, brought with her two rare specimens of fruits from Mexico—the Mamey and the Mango. The fruit is oval shaped, larger than a large lemon and having a rind not unlike the cantaloupe in appearance. The Mango not unlike the Chinese persimmon in appearance, but kidney shaped. The Courier cannot better express its appreciation of this kindly remembrance from Miss McLean, than to turn over the fruits to our enterprising nurseryman, Mr. Kirkpatrick, in hope of him reproducing them in our climate.

EARLY MORNING WEDDING

Mr. C. Wesley Neathery of Farmville and Miss Daisy Gerrish.

THE BRIDE RAISED HERE

Three Brothers Have Married Three of McKinney's Fairest Daughters.

A pretty home wedding took place this morning at the residence of Mr. and Mrs. A. L. Gerrish on South Tennessee street, in which their lovely daughter, Miss Daisy, was the bride and Mr. C. Wesley Neathery of Farmersville the groom. About sixty intimate friends of the family and relatives were present, and witnessed the solemn impressive ceremony which was pronounced by Dr. E. E. King, just at eight o'clock.

After congratulations were showered upon the young couple they were driven to the M. K. & T. station where they took the 8:30 train for Farmersville their future home. The bride wore an elegant traveling dress of etimene cloth, trimmed with tan velvet and cream lace, demi train, hat and gloves to match. Many handsome and useful presents were sent in.

The bride was raised in McKinney and is loved and admired by everyone. She is beautiful, brilliant, and of a very happy disposition. She will be missed in McKinney society circles.

The groom is a son of Dr. A. H. Neathery, president of the First National Bank of Farmersville, and senior member of the firm of Neathery & Bumpass, large dry goods and hardware merchants. He is a young man of fine business qualifications, and is connected with the hardware department of the Neathery & Bumpass' stores. He is a brother of our worthy county treasurer, Dan E. Neathery, of this city, and Dr. Rod Neathery of Farmersville, who married Miss Willie Melton, and Will F. Neathery of Farmersville, who married Miss Effie Cox, both McKinney young ladies.

The newly married couple will go to housekeeping in a few weeks.

Three Pleas of Guilty.

Three offenders plead guilty before Judge Faulkner today as follows: M. L. Stipe, carrying a pistol, fined $25; Fred Burrge, gaming, fined $10; Henry Self, gaming, fined $10.

A rare combination of mutual confidence and harmless innocence attracted many eyes on our streets this morning as it perambulated around the square from Mayor Pearson's office to the Democrat vicinity. The personal consisted of our universally popular mayor and a "wee" little English sparrow complacently perched upon His Honor's shoulder while resting its amateur wings preparatory to soaring away on another trial flight through space. The little helpless creature significantly winked and blinked the other eye in hearty approval of all the condoning words evoked in behalf of its feathery tribe from the great strong, brave, but tenderhearted old ex-Confederate warrior, upon whom McKinney delights to bestow its highest municipal honor, unsolicited, every two years. When broached on the matter, he strongly deprecated killing out the English sparrows, which, in his opinion, are far more beneficial in the destruction of insects than harmful in other respects.

KING EDWARD VERY ILL

The Coronation is Postponed Indefinitely.

THE CRITICAL OPERATION.

Operated on for Appendicitis—Foreign Envoys Will Return Home.

London, June 24.— With dramatic suddenness the King has been stricken down upon the eve of his coronation. Tonight he lies in a critical condition in Buckingham Palace. In spite of the intensity of this tragic interruption, the lower element of London are "mafficking" through the wall decked streets and a portion of society in coronation gowns and jewels has gathered at what is called a gala coronation dinner at one of the fashionable hotels.

A brief notice has been published in the Gazette, as a result of which the entire state, social and business arrangements throughout the country are paralyzed. The order is dated in the Earl Marshal's office and reads as follows:

"I have to announce that the solemnity of the coronation of their majesties, King Edward VII, and Queen Alexandra, is postponed from the 26th to a date hereafter to be determined."

Shortly before 2 o'clock this afternoon His Majesty was moved from his couch to the operating table and the anesthetic was administered. Sir Frederick Treves made the incision near the patient's groin and carried it upward with an outward slant, for nearly four inches.

The obstruction was removed and a tubing was placed in the affected intestine.

The trouble is commonly called appendicitis.

All foreign envoys will probably return at once to their respective countries. If the King revives it will probably be three months before the coronation can take place.

Washington, June 24.—President Roosevelt today sent the following:

"His Majesty, Edward VII, London: I ask Your Majesty to accept my sincere assurances of sympathy and wishes for speedy convalescence.

Of Hornellsville, N.Y., Hands Down An Important Decision.

Judge James H. Clancy of Hornellsville, N. Y., and one of the most prominent members of the bar in that historic town, decided recently that as against Blood and Liver trouble, Dr. David Kennedy's Favorite Remedy was worthy of the highest praise. He says:

"I have used Dr. David Kennedy's Favorite Remedy and strongly recommend it for its good effect in my case for liver trouble and blood disorder. It built me right up and I improved greatly in health."

Geo. H. Tifft of 878 River street, Troy, N. Y., suffered from liver trouble and his blood was all out of order and after using "Favorite Remedy," has this to say:

"For any one suffering from that run down or tired out feeling, caused by blood or liver trouble, Dr. David Kennedy's Favorite Remedy is the best medicine you can buy. I have used it and I know."

The one sure cure for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, is Dr. David Kennedy's Favorite Remedy.

It matters not how sick you are, how long you have suffered, or how many physicians have failed to help you, Dr. David Kennedy's Favorite Remedy will cure you if a cure is possible.

FROM OVER THE COUNTY.

LUCAS.

Lucas, June 17.—A nice little rain fell here this morning, and with it considerable wind. A smoke house was turned over on J. C. Bowman's rent place and a chicken house at his home blown to pieces. A. L. Sanders' cow shed and seed house are a total wreck; a milk cow so badly crippled that she had to be killed; an outhouse at J. W. Cook's turned over and moved several feet. No one hurt.

June 18.—About 3 o'clock this morning the wind began blowing very hard. Charlie Anderson's house was blown off the blocks, nearly all of their dishes and crokery was broken. The south end of Dr. J. A. Armstrong's store blowed out; no other damage done. A smokehouse on Eld. John McKinney's place is a total wreck. Another smoke house on J. H. Cook's place 1½ miles southeast of Lucas was blown a hundred yards or more and torn to pieces. A house on R. H. Coffey's place one mile north of Lucas was blown off the blocks. Some corn is down and fodder badly split up. News came to Lucas early this morning that Bill Edwards, who lives near Blythe Chapel, got pretty badly hurt by a falling tree, but not seriously. No rain nor thunder accompanied the storm.

Uncle Jim.

PIKE.

Pike, June 22.—Once more the countenances of our farmers are brightened on account of the recent rain which insures an average corn crop. The hum of the thresher is heard and we give thanks for an abundant yield in both wheat and oats. We only regret that so small an acreage of grain was sowed.

Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with congestion of the uterus and female weakness for five years," writes Mrs. Robt Kerwin, of Albert, Hastings Co., Ont. "Was so weak and nervous I could hardly do any work Had severe pain in back, also dizziness and pain in head. My heart would beat so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his 'Golden Medical Discovery' I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."

A large congregation was at the Christian church services Wednesday eve. Elder R. R. Hamlin preached a splendid sermon on "The Sure Foundation." The sermon was very instructive and impressive. At the close six candidates went forward for baptism. The right hand of fellowship was extended to about seventy-five who had joined the church during the meeting. The music was inspiring and the scene joyful. The occasion will be long impressed on the minds and hearts of all present. Thus closed one of the most successful meetings within the history of the First Christian church in McKinney.

The first arrival of Denton county watermelons this season came to McKinney last Saturday. There were two loads, one belonging to T. L. Raines and the other to E. R. Barthell. Joe Barnes and W. E. Ditto were the purchasers. These gentlemen say that the early melon crop is injured seriously by the drouth. That if rains come the late crop may yield well.

A surveying corpse of the proposed new Rock Island railroad is now engaged in running another line through West Collin. This one is being run east of and parallel with the Dallas and Preston road. It lies about half way between the former line which ran through the Bloomdale community and the new Frisco road on west. It is the same surveying corpse that ran the former line.

G. G. Thompson, who formerly lived in Fairfield, is now located at No. 23 Lee Street, Oak Cliff. In a letter to us we learn that Mr. Thompson happened to a painful accident very recently. The North Texas conference will be held at Terrell, beginning Dec. 2nd.

While driving to town Saturday morning in a cart George Henry Herndon's horse became frightened when near Hawthorne College, and ran away throwing him and a negro that was with him out. Mr. Herndon was bruised and injured considerably. He was taken into L. W. Crouch's residence and a physician summoned. In a short time he was put on a cot and taken to his home about three miles north of town, and at last accounts was resting very well. The negro that was with Mr. Herndon escaped without injury. The cart was torn to pieces.
